

17 December 1961

MEMORANDUM TO MR. ROSE

Returned herewith is Col. White's interpretation of what the Director said and intended at the meeting on 10 December 1961. It does not accord with what I thought he said or intended. What the Director actually said is best set forth in Mr. Becker's memo and I assume that what he meant will be subject to interpretation by you and Mr. Wisner on the basis of specific cases arising in the future.
